To My Friends and Patrons;

Please accept this catalog with my very best wishes for your health, happiness and prosperity in 1950.

Last year was the driest year on record and it is still dry, but I am hoping we all have good soaking rains before Spring and that our lawns, gardens, shrubs, trees and farms all grow well and produce luxuriant crops for 1950.

Lawns are in bad shape owing to the hot, dry Summer and Fall. If you scatter some Sterling Lawn Grass seed on the bare spots, rake it in and feed your whole lawn with Vigoro or Bone Meal and then wet it thoroughly you will be surprised how thick and green your lawn will be, come June.

Grass seed of all kinds are high, just as last year, but it pays to buy the best, as you have enough weed seeds in your soil without buying more as you would do in cheap grades.

We will have a good supply of all kinds of seeds and plants for your farm and garden. Just because many things did not pay last year is no reason to give up in despair this year. I have never seen the time when you could judge one year by the previous one.

Fordhook Bush Limas are lower than they were last season but just as high in quality.

Blue Ribbon Brussels Sprout seed is new crop seed this year and we have a good supply.

Peas, Fava Beans and String Beans, both green pod and wax, are in good supply and the price is reasonable. We strive to get the very best strains.

Agrico is a good fertilizer for your trees and shrubs. We have a special acid Agrico for Azaleas, Rhododendrons, Andromeda and Mountain Laurel.

We have a nice lot of Strawberry Plants and Asparagus Roots for your garden and farm this year. So, if you will look my 1950 catalog over carefully, I hope you will find some things of interest to you and that we will have part if not all of your trade in the lines we carry.

Thanking you for your patronage and good will in the past, I remain,

Yours for the best in Seeds and Plants.

DIRECTIONS

By carefully reading and observing the following directions, mistakes will be largely avoided, and your order can be filled more promptly.

Please use the enclosed Order Sheet and self-addressed envelope if possible. If you need more, let me know and I will be glad to send more to you.

Write your name, address and shipping directions plainly.

Always send the cash with your order, unless otherwise agreed upon. Money may be sent by P. O. Money Order, Bank Draft or Registered Letter. Stamps may be sent for amounts under \$1.00, but be sure to put in three-cent stamps, wrapped in waxed paper.

We pay the postage on all seeds sold by the pkt., oz. and $\frac{1}{4}$ lb. Quantities over that are priced net, to be shipped Parcel Post, freight or express, at purchaser's expense, unless otherwise stated.

If you desire your seed sent by Parcel Post, add 12c for the first lb. and 2c for each additional lb. of your order, allowing 3 lbs. extra for package. For amount of postage on plants see Plant Department. These rates are for anywhere on Long Island.

By pricing my seeds net, postage extra, you get your seeds delivered for less money than if I quoted a Postpaid price as the 12c per lb. extra would have to be counted in and added to each single lb. priced.

$\frac{1}{2}$ lbs. will be sold at lb. rates; $\frac{1}{2}$ bu. at bushel rates.

No charge is made for packing or packages.

NOTE—In all orders received before April 1st we include trial packets of different kinds of seed, the number of packets depending upon the size of your order. If you find any of these of particular value we would be pleased to hear of it.

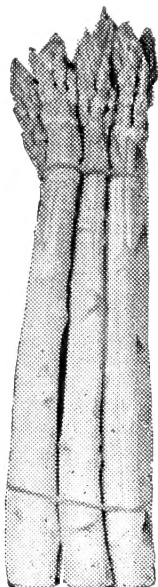

If you cannot use this catalog or receive more than one, will you kindly pass it on to someone interested? Thank you.

NOTICE—I give no warranty, express or implied, as to the productiveness of any seeds, bulbs, plants, shrubs or trees sold by me, and I will not be in any way responsible for the crop. My liability in all instances is limited to the purchase price.

Delhi N. Y., Dec. 1st.—I had the largest yield from an acre of Blue Ribbon Sprouts this year that I've ever had since growing sprouts. My seed was what I had left from the previous year. Since seed was scarce I decided to take a chance on it and I'm glad that I did. I don't think anybody need be afraid to plant year-old seed if they have it. Here's hoping my order can be filled. K. Cutchogue, N. Y., Dec. 14, 1948.

I want to order 2 lbs. of your Holland Erfurt Cauliflower seed for 1949. Last season my 5 acres grown from your seed yielded at the rate of over 600 crates to the acre. Every plant yielded a perfect head. J. P.

October 17, 1949, Arkville, N. Y.

Dear Mr. Sterling: From 13 oz. of your Blue Ribbon Brussels Sprouts seed we raised enough plants to set 3 acres of our own, about 20,000 plants, and also sold my neighbors 4,000 plants @ \$8.00 per 1000. We had a very good crop and sold the sprouts right here at a good price per 32 qt. crate. We found the Blue Ribbon strain much better than other strains that sell around here. J. A.

Picking World Record Peas at Nassau Farms

PEAS

OUR WORLD'S RECORD is the best kind for market. We have our regular Strain this year. Don't fail to plant a few. Even though peas should not pay as a market crop, the vines make fine green manure for Cauliflower. Brussels Sprouts and late Limas. Sperguson keeps the seed from rotting in cold ground and helps germination.

October 17, 1949, Arena, N. Y.
 Purchased 75 lbs. of your Acorn Squash from you last Spring and have just finished harvesting about 2000 bu. of nice squash. We find your strain of Acorn Squash to be truer to name than two other strains that we have tried out before. The land that we raised the squash on this year will be covered with more than 20 ft. of water in a couple of years as they are building a dam down below us for New York City water.

GRASS, CLOVER AND ALFALFA SEED

Prices liable to change without notice. Grass seed is very scarce and high. Terms strictly cash.

I make my prices just as reasonable as is possible consistent with the quality. It is the very last fraction of 1% in purity that costs money. I believe that it pays big returns, too, as it is truer in seeds than anything else that "the best is none too good."

If your land is sour and Grass and Clover does not do well as a rule, a little lime sown on top of the ground and harrowed in before sowing the seed would be a great help.

Ask for special price on 100 lb. lots.

Mattituck, N. Y., Sept 18, 1948.

I wish to say that our small garden did wonderful this year from your seeds. It is our first experience with a garden and we had an abundance of everything including carrots. Our lawn was beautiful sown late this spring with Sterling Sandy Soil mixture. The white clover is still thriving after this long dry spell. V. S.

Home Gardeners

See the amazing effect of Vigoro on grass! The "Magic V" was fed Vigoro, the rest left unfed. Look what happened in just 2 weeks! Thick, luxuriant grass contrasts with the part that didn't get Vigoro!

LAWN MAKING

Our Lawn Grass Seed is mixed from the very best grass seed, recleaned and free from weeds, and we sell many hundred pounds all over Long Island, as there is no better grade seed on the market.

Loosen the soil in which a new lawn is to be made to a depth of at least five inches, and lighten it with humus, compost or manure if it is heavy and inclined to bake. Apply fertilizer liberally, either Sheep Manure, Bone Meal or both. Use Vigoro on established lawns in early Spring and early Fall.

Sow in the early Spring when cool weather and ample rainfall will insure complete germination and a good start for the seedlings before hot dry weather comes. If seeding must be delayed, special precautions must be taken to prevent the ground drying out. Early Fall is a very desirable time to seed, if moisture is sufficient.

See that the seed is well covered. Rake it into a new seed bed and roll so that the soil is firmed over the seed. Where seed is sown on an old lawn, always cover it with a top dressing of sand or soil and fertilizer and rake in. Seed thrown on the top of hard ground has no chance to grow and will merely wash off.

No Timothy or Rye Grass is ever used in our Lawn Grass Mixture.

JAPEDIZER

Kills the grubs and feeds the grass. Use 10 lbs. Japedizer per 1,000 square feet and water it in well. Afterwards loosen soil of bare and thin patches and reseed. Japedizer kills the grubs, spreads the Milky Disease in the beetles and fertilizes the grass.

Yaphank, N. Y. Sept. 23, 1949

Dear Mr. Sterling; The seeds I bought from you have done wonderfully well. I have one very unusual marigold. It looks like the double sunflower or a chrysanthemum. Petals very narrow and curled and yellow, 4 in. across. I have never seen any like it before. If you are interested and would care to see it, I would be pleased to show it to you.

Last year you sent me a packet of mixed annual flower seed. I wish you could have seen how beautiful they bloomed for me. Have a path through the center of vegetable garden and sowed that seed along the sides. Have seen pictures in magazines and I always thought they were exaggerated but they were nothing compared to the beauty of that 100 ft. row and they did not bloom for just a few weeks but until killed by frosts. New Suffolk, N. Y., Jan. 15, 1949.

Just a word to tell you that Burpee's Hybrid tomatoes proved the most successful crop I have ever had. The tomatoes ripened earlier than usual, withstood the severe drought in excellent shape, and continued bearing until mid-October. The tomatoes themselves were excellent for table and canning. Am recommending them to all my friends. E. D. T.

A Winter Scene at Dickinson's Island

Real Estate Department

We have many choice lots and plots for sale. If you are interested in Eastern Long Island Real Estate, get in touch with me at your earliest convenience.

I am always willing to consult, advise or act as your agent if you are desirous of buying out this way or selling property you own in this vicinity.

I am a Licensed Real Estate Broker and have been buying and selling Real Estate since 1926.

Why not put some of your surplus money into land this year? It will be something you can always enjoy no matter if prices go up or down.

About all of Nassau Farms is sold and there are about 45 nice homes located there. I still have for sale the following:

NASSAU FARMS

Eleven large lots on Lilac Lane. These lots are clear land and have about 200 ft. depth. Your choice of any of these beautiful lots, some of them overlooking Baldwin Creek and Peconic Bay, at reasonable prices. Ask me about them.

Five nice lots on Pine Tree Road. They have about 90 ft. frontage on Pine Tree Road and are over 220 feet deep. Beautiful high lots overlooking Peconic Bay. Priced reasonable.

DICKINSON'S ISLANDS

No. 1. A beautiful, wooded plot with 489 ft. frontage on Eugene's Road on the way to Nassau Point. This plot contains 3 acres and overlooks Eugene's Creek. There are 5 large lots in this plot and we expect to have a plot of meadow land with fifty feet of creek frontage to go with each lot purchased on Dickerson's Island.

Island No. 2. Contains about one acre, is covered with White Oaks and overlooks Eugene Creek. This is an ideal place for one who really wants an island. Expect to have 50 ft. of creek frontage to go with this island. Ask me for prices.

STERLING INLET AT NASSAU POINT

Three large lots at Nassau Point Nos. 224, 225 and 226. These lots front on Wunnewetta Harbor on the west and there is good depth of water from these lots through a deep channel to Peconic Bay. Each lot has more than 100 ft. frontage on the water and over 300 ft. in depth.

Many oak trees cover the whole plot and there is a small pond in the center. The combination of high and low ground makes this plot one of the potential beauty spots of Nassau Point. The view from these lots includes Wunnewetta Harbor and Peconic Bay.

The three lots are to be sold in one large plot only, not separate, and I have priced them at a reasonable price with very good terms.

CARRINGTON PARK AT NASSAU POINT

Five large lots near Horseshoe Cove and Wunnewetta Harbor. Four of these lots, Nos. 421, 422, 423 and 424, are located on the east side of Little Peconic Bay Road and are wooded, with good elevation. These lots are priced to sell.

One large lot on the west side of Vanston Road. Lot No. 323 is covered with large oak trees and some of the nicest cedar trees on Nassau Point. It has good elevation and being very near Horse Shoe Cove makes this a very desirable lot with frontage on two roads. Priced reasonable.

LONG ISLAND SOUND

2,000 ft. frontage on beautiful Long Island Sound, about 1 mile east of Duck Pond Road. High elevation, fine view, good depth. Priced at \$25.00 per front foot. Make me an offer for a quick sale.

10 acres of land with about 500 ft. frontage on Long Island Sound. A beautiful 8-room house with all improvements is located on the highest spot. 2-car garage. 4 acres of the land is good farm land. A wonderful house with a wonderful view. Price and terms on request.

325 ft. on the Sound with depth of 300 ft. to 450 ft. Make us an offer on this very attractive property.

A fine modern new house on L. I. Sound between Southold and Greenport. Spacious grounds, wonderful view from large porch. Should be seen to be appreciated.

HOUSES, LOTS, PLOTS

230 ft. on Great Peconic Bay at Mattituck. This is a large plot about 650 ft. in depth running back to a town highway. Will sub-divide into smaller lots if desired. Ask for price and terms.

133 ft. on Great Peconic Bay at Laurel. This wooded plot is over 600 ft. in depth and has 158 ft. frontage on the Boulevard. It would make a good development or a fine estate. It has a nice sandy beach and a wonderful view. Price on request. Terms to suit.

Lots on Eugene Creek. Have several 50 ft. lots with good depth, nicely wooded and priced right. Ask me about these lots if you want a good buy on the creek.

Peconic Bay. 200 ft. frontage on the Bay with concrete bulkhead; 9 room house with 2 bath rooms; 2 car garage with dressing room and shower. This is really a good buy.

Peconic Bay. Large 8 room house at Fleet's Neck with 140 ft. of Bay frontage. Oak trees cover the property and it has a wonderful view. Owner will sell at a bargain price.

Peconic Bay. 165 ft. Bay frontage at Indian Neck. This plot is about 900 ft. deep and has a small bungalow under the bank. There is a beautiful sandy beach and a good road leading to it. The plot is nicely wooded and the price is reasonable for such a large plot.

Peconic Bay. 165 ft. near Paradise Point. This plot has woods and clear land. It is 268 ft. deep on the east side and 345 ft. deep on the west side. A beautiful location with Shelter Island and Southold Harbor in the distance. Price on request.

House on 1 acre of land on Indian Neck Road. This is a fine old house with 12 rooms, 4 fireplaces, 3 baths and lavatories, hot water heat, oil burner, cellar, laundry, 2 car garage. The grounds are landscaped. A very good buy.

25 large beautiful, wooded lots on Broadwaters and Haywaters. About 50 large wooded lots on Bay Ave. and other town roads leading from Bay Ave. Would be pleased to show you over this new development. Prices from \$12.00 to \$25.00 per front foot. Map on request.

30 acre farm with 400 ft. frontage on Route 25. 20 acres of potato land, large house with living room, kitchen, 6 bedrooms, oil burner. Price on request.

I have other pieces of property on my list. Let me know what you are looking for and I will try my best to help you.

The above properties are quoted with the understanding that prices may be changed or they may be taken off the market without notice.

LANDSCAPING

If you want advice or help in landscaping your grounds, let us know and one of our staff will be glad to give you suggestions. or if you wish, lay out a plan for your entire setting.
